Unauthorized reproduction forbidden.

Above: Imad Fayez Mugniyeh (left) with Hassan Nasrollah.

Below: Mugniyeh as a young man (left) in Saudi Arabia roughly 45 days before the hijacking of TWA Flight 847 to Beirut, where Mugniyeh and his accomplices murdered U.S. Navy diver Robert Dean Stethem in cold blood (see *Countdown to Crisis: the Coming Nuclear Showdown with Iran*, chapter 3)

Above: After 33 days of fighting against Israel, Mugniyeh in the summer of 2006, relaxes with his barbeque.

Below left: Summer 2006, Lebanon. **Below right:** Mugniyeh's grave

Note Mugniyeh's left ear in this picture. It is unmistakably the same as that of the person in the first photo in this series, taken with Ayatollah Khamenei.
